

interoffice
MEMORANDUM

To: Inspectors, File

From: J. Randall Lyman

Subject: 320 W. Sunshine, Southeast corner of Sunshine St. and Campbell Ave.

Date: February 12, 1997

CC: file

During a recent conversation with Wayne Latimer, we were discussing the problem at 320 W. Sunshine relating to gasoline contamination in the area. Wayne recalled when he was a teenager buying gasoline at this location and it was called **Young Oil Co.** When he stated that name I then remembered it as well; it also seems to me that there was a clock over the front door outside with 'neon' lighting around or on it, and 'Young Oil Co.' written above it. Rob Wilson, the current owner of the property, says that there used to be a 'bulk plant' at this location and who knows what spillage occurred back then.
